QUICK START GUIDE

SENSIA

This Quick Start Guide does not replace the User Manual.
 Please read the User Manual and observe the warnings and safety instructions.

GROHE SENSIA QUICK START GUIDE

1. START

MANUAL
Open the lid by hand.

PREFLUSH
Once you are seated on the toilet, the automatic cleaning of the spray arms begins.
If your GROHE cistern is equipped with the automatic flush kit (sold separately), once you are seated on the toilet, a small amount of water will rinse the bowl to minimize stain accumulation.

2. WASH

WASH → **ADJUST** → **STOP**
