

### Precision at its core

Cook every ingredient to perfection with the 9000 SensePro® Induction hob. The wireless food sensor measures the core temperature of food and liquid so you can boil, fry and even sous-vide. It's your personal sous chef.

## Product Benefits & Features

### Master food. To the exact degree with the Food Sensor

Master every dish with the wireless Food Sensor. The sensor identifies temperatures to the exact degree and communicates heat adjustments to the hob. The temperature measurement and maintenance is so precise, you can even sous-vide.

- Left front zone: 2300/3200W/210mm
- Left rear zone: 2300/3200W/210mm
- Right front zone: 1400/2500W/145mm
- Right rear zone: 1800/2800W/180mm
- Hob²Hood connection
- Hob type: Induction
- MaxiSight™ colour display for advanced, integrated control
- Induction zones with power booster function
- Bridge function
- Pause function for short interruptions
- Timer function
- OptiHeat Control
- Acoustic signal with switch off option
- Child safety lock function
- Key-lock function
- Easy installation thanks to snap-in system

### Full Colour Touch Controls speak your language

The Full Colour Touch Controls user interface provides step by step guidance and live feedback, meaning you can cook with more confidence. It even teaches you how to sous vide. Take your cooking to the next level.

### Combine 2 cooking zones with Bridge

The Bridge function combines two cooking zones together to fit any large or long pan. Sharing the same temperature and time setting, the linked zones are ideal when you're cooking for dinner parties or bigger celebrations.

### Hob2Hood®: The hands-free hood

The Hob2Hood® function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

### Each cooking zone. Individually timed

Once a cooking zone is in use, its timer can be accessed quickly and conveniently via the touchscreen display. No toggling through menus or other zones. And because each dish can be precisely timed, absolute control over the cooking process is assured.

#### Product Specification

Nordic_Series_and_Themes	9000
Nordic_HB_FrameType_Colour	Bevelled 4 Sides No
Dimensions WxD in mm	590x520
BI dimensions HxWxD in mm	44x560x490
